## ACA2021\_Mock\_Exam\_03June2021

### INSTRUCTIONS

The MOCK exam consists of PART1 and PART2.

**PLEASE NOTICE: The mock exam is shorter than the ACA exam and contains a reduced number of questions!!!**

Collected results will not be evaluated: don't worry!

You will be enabled to see your answers for **self-evaluation only**. This is done just for making a shorter simulation of the final exam.

Please consider it is fundamental for us to run the LIVE simulation of the ONLINE EXAM simulation such as you can test the MS Form tool when there are a lot of students connected and submitting their forms.

The **MOCK** exam today will be done on Zoom, but **WITHOUT** ZOOM live supervision of students.
